

Oak Lodge Global Themes

At Oak Lodge we want our children to become Responsible Global Citizens.

We do this through our core Trust Values: Resilience, Respect and Resourcefulness. These are embedded in our curriculum through our Global Themes of: Looking after the World, Responsible Leadership and Looking after Each Other.

Our School Values which are: Adaptability, Communication, Cooperation, Enquiry, Morality, Resilience, Respect and Thoughtfulness and British Values are threaded through what we do.

We use the diagram below to explain this to the children.
