

We are excited to announce that Spectacular Science Club will be returning this Autumn term 2024 at Oak Lodge!

Spectacular Science Club is an after school club which offers an hour of awesome fun in which children can learn more about the wonderful world of science. During each session children are truly engaged with different hands on science experiments including making bird feeders, rockets, slime creations, ice-cream making, learning about the planets, tie-dying, lava lamps, marble runs, making stress-balls, hotels for bugs, salt crystals, walking water, potions, wind energy, vegetable battery, magnetic fields and lots, lots more!

Spectacular Science Club has been running since September 2018 and has proved to be a huge success. All teachers are trained, enthusiastic and have enhanced DBS checks.

Sessions are held for one hour after school and we have spaces in the following clubs:

Year 1-6 Tuesday 10th September - 10th December 2024 (12 sessions)

KS1 (Year 1-2) Wednesday 11th September - 11th December 2024 (12 sessions)

If you would like to secure your place for the Autumn term 2024 please visit our website which is now taking all bookings. Please ensure you book for the year your child will be in SEPTEMBER.
